Summary

IT graduate skilled in Python, AI/ML, Data Science ,SQL, MYSQL and web development. Strong problem-solving abilities, collaborative mindset, motivated for innovation. Ready to contribute to a dynamic IT environment.

Education

B.E. Information Technology	CGPA: 8.07	2019 – 2023
HSC	Percentage: 64.15	2018 – 2019
SSC	Percentage: 84.20	2016 – 2017

Technical Skills

- Programming Languages: Python, ML, HTML, CSS, JavaScript
- Tools: PowerBI, numpy, Pandas, Matplotlib, Seaborn
- Database Tools: MySQL
- Operating Systems: Windows, Linux

Training

Codenera Pvt Ltd   APRIL 2024- AUGUST 2024

Designation: Trainee
Training skills: Python, HTML, CSS, SQL, MYSQL,Databases, Machine Learning
Description: Completed Data Science training, excelling in core concepts, Data Science, and collaborative projects.

Projects

Spam Email or Msg Detection   Aug 2024

Description: Engineered a machine learning model utilizing the Naive Bayes algorithm to classify emails as spam or not based on their content. Integrated a real-time interactive interface for users to test email classification and visualize performance metrics, ensuring efficient detection and adaptability.

Financial Performance Dashboard   Aug 2024

Description: We're creating a financial performance dashboard to track key metrics like revenue, profit, expenses, and financial ratios. This will provide a clear overview of the company's financial health.

E-Voting System   Apr 2023

Description: Our project aims to develop a secure electronic voting machine using fingerprint identification.We will use the AADHAR card database to ensure safe access. This secure system prevents fraud and ensures election integrity, reducing any chance of misconceptions.

Certificates

- Data Science Certificate by Codenera
- AI with Python Training by Fuel Institute
- HTML Front End Development and SDLC Certificate by The Great Learning Platform
- Java Course by Besant Technology

Hobbies

- Listening to music, Gardening, Cooking
